ZUMRO®, Inc.

Combination Decon System #82-PDS-21-A

Pre-Assembled Rapid Deployed Shelter with pre-plumbed Decon & Rinse Showers.

Male-Female "Three-Step" Shower Stalls for dual corridor, simultaneous, non-stop operation + one Non-Ambultory corridor in the center.

Based on 2 min. for "Decon" and 2 min. for "Rinse" this system can process 30 Ambulatory Casualties per hour + Non-Ambulatory Casualties.

Decon Showers are plumbed separate in case the use of a Decon Solution (or soap) is required.

Laundry Ports with Velcro Cover can be used to dispose of contaminated clothing.

All curtains are removable for greater versatility.
